PROFILE

Enthusiastic MCA graduate with hands-on experience in web development using JavaScript, React, angular, Django, HTML, CSS, and database technologies. Strong in backend development and project implementation, with a passion for coding and problem-solving.

TECHNICAL SKILLS

- JavaScript
- React
- HTML/CSS
- Django
- Python
- Angular

CERTIFICATES

- MEARN STACK DEVELOPMENT INTERNSHIP PROGRAM
- COMPLETED AN PYTHON DJANGO COURSE
- OFFICE AUTOMATION
- PUBLISHED A RESEARCH PAPER ENTITLED "A COMPREHENSIVE STUDY ON PROMPT ENGINEERING"

LANGUAGE

- English
- Malayalam

EDUCATION

Master of Computer Application

2023 - 2025

Vidya Academy of Science and Technology , KTU University

Bachelor of Computer Science

2020 - 2023

Little Flower Guruvayoor, Calicut University

WORK EXPERIENCE

Mearn Stack Intern

2025 - 2026

Luminar Technolab

- Completed internship in MEARN Stack development.
- Built responsive web applications using React.js, Node.js, and MongoDB.
- Developed REST APIs and performed database operations.
- Gained hands-on experience in full-stack development and debugging.

PROJECTS

E-Commerce Web Application (MEARN Stack)

- Developed a responsive e-commerce website using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication, product listing, search, cart, and order management features.
- Built RESTful APIs for handling product and user data.
- Connected frontend with backend and managed data using MongoDB.

AspireHub – Job Portal Website (Python/Django)

- Developed a job portal platform with separate modules for admin, recruiters, and job seekers.
- Implemented job posting, application tracking, and user profile management.
- Built using Python, Django, HTML, CSS, and database technologies.

NovenaCare+ – Telemedicine & E-Pharmacy Platform (Python/Django)

- Developed a healthcare platform with doctor appointments, online consultations, and pharmacy services.
- Implemented patient, doctor, and admin modules with authentication and medicine management.
- Built using Django, Python, HTML, CSS, and database integration.
